## EXPLANATION

The Edifice Fund of the American Baptist Churches of Indiana and Kentucky (ABC-IN/KY) is a revolving account from which loans are made to churches needing or wishing to do work on their buildings. Historically, the fund was established to aid congregations with their church buildings. These funds are intended for smaller projects or as seed money to get a larger project underway. The funds may be used for church buildings, education buildings and in 1994 was extended to parsonages. Other needs will be considered by the Finance Committee. It is intended to be a service and a ministry of The American Baptist Churches of Indiana and Kentucky. The funds have accumulated over the years through specific bequests and excess operating funds from quite a few years back. The initial source of some of these funds has been United Mission dollars. The loans are available to member churches in good standing throughout the Indiana/Kentucky and Greater Indianapolis regions. Churches in good standing will participate in Region activities and will give regularly to United Mission or the Region offering.

The maximum loan to any church is \$50,000 and this may be repaid as rapidly as the church desires. The monthly payment amount will be calculated as determined by a standard amortization schedule based on the terms (interest rate and length of loan) in place at the time of application. Usually, a monthly payment is required even though larger payments may have been made in prior months. Early payment is certainly encouraged to allow funds to be available for future needs of other churches.

The interest is set by the ABC-IN/KY Finance Committee and is reviewed annually. The current interest rate is 3.5%. Interest is computed on a monthly basis. An amortization table is provided and updated as necessitated by additional payments.

If your church desires an Edifice Loan, please complete the application and submit along with the required documents. Requests are considered in the order received. Sometimes it is necessary that churches wait until we have enough funds on hand. When your application is received, we will follow the procedure as outlined in the next column.
