City/State _____
Pastor(s) Name _____
Name of person providing information _____
Email Address _____

We know statistics don't tell the whole story. Please tell us yours.

Your church is far more than numbers, and we'd love to share what God is doing in your ministry over the last year. Please respond to at least one of the questions below, but more if you'd like! If you have digital pictures or video you can share, we would welcome those as well. We'll look forward to sharing it as we are able in the Observer, Observations, and as our staff prepares for teaching opportunities with churches. Thank you!

What event most excited you last year? Why?

How did you reach out in to your community in a new way? What happened?

What new thing did you try in mission or ministry? What did you learn?

What challenge did your church face? How is God bringing you through it?
