The Baptist Student Foundation at Purdue is a Christian student ministry supported by the American Baptist Churches throughout Indiana.

YOU ARE WELCOME AT THE FOUND!

Come worship, serve, grow, and be challenged with us.

Rev. Rodney J. Lynch

A gifted preacher and thoughtful teacher, Rev. Lynch engages with learners, invites questions, and creates a space for all to learn and grow together. He is passionate about social justice ministry, especially around issues of racism and reconciliation, and believes strongly that differences and antagonism can be overcome as people from different cultural background, ethnicities, and religious traditions find and explore their common ground.

Rev. Lynch deeply values relationships, both between individuals and between organizations. He works hard to maintain the Baptist Student Foundation as a space where all kinds of students from many different backgrounds can relax and be themselves. He demonstrates that God's love is meant for everyone and that every Christian is responsible for showing God's love to all of creation.

"For God so loved the world!"
