This trip to Perry County, Kentucky, is for the purpose of rebuilding buildings that were destroyed by floods in July 2022. **List any skills you have and grade your skills ("A" for great, "B" for pretty good, "C" for not to bad)** for this mission trip. Some examples are: General (willing hands but no specific skill), plumbing, electrical, painting, dry wall, roofing, first aid, carpentry, cooking, cleaning or other (be specific). **Write any additional information on the back of this form.**

The purpose of this mission trip is to assist in the rebuild/repair of buildings/homes destroyed by natural disasters (not limited to floods and tornadoes), and offering support to the community (such as, but not limited to, working in warehouses) following these natural disasters. Despite all attempts to prevent injuries and promote safety, I understand there is risk of personal injury to myself because of my error or that of someone else. Persons using all power tools and equipment (such as, but not limited to, fork lifts, saws, drills, chain saws) will have their skills assessed for their ability to safely operate said equipment. I agree to promote safety during ALL activities for ALL persons that I may work beside on this mission trip. This includes recreational/free time. I understand that I could be asked to leave the Mission trip if I am participating in UNSAFE ACTIVITIES.

I recognize that I will be representing Jesus Christ and plan to conduct myself accordingly.

I give consent for treatment by medical professionals should the need arise and I am not able to speak for myself. In the event that medical treatment is necessary, I understand I will be responsible for any/all costs, whether I have health insurance or not. **Please provide a copy of your medical insurance card with your registration form.**

I also give my permission for the Coffee Creek Baptist Association to take my picture and use said pictures on their website, social media sites, in American Baptist publications and in promotions of these mission trips.

I will not hold Coffee Creek Association nor any other entity or its volunteers liable for any damage/loss to personal belongings and/or injury or illness.

After reading the above statements, I agree to participate in this trip at my own risk.

2024 Perry County June Mission Trip Registration Form

# 2024 Coffee Creek Association Mission Trip Registration Form

## General Information

**Many details cannot be finalized until after the registration deadline** since that is when we will know who is driving, how many people are going, etc. We have a contact in Perry County who needs these details before he can finalize the details for us. **Once they are known, they will be shared with you.** Most communication happens via email; for those without email, you will be called. **Please check your email daily** in the week prior to our departure date.

### Transportation

Expect to meet somewhere so that carpooling and caravanning can happen (if you wish). Because we are expecting volunteers from the entire state of Indiana, we may have more than one meeting location. (As a point of reference, Hazard is approximately 3.5 hour drive from Louisville, KY.) We expect to meet on the afternoon of June 2 and arrive in Hazard/Perry County that evening. We can pay for your gas if you drive your own vehicle if you wish to be reimbursed.

### Housing

This too will be finalized after the registration deadline so we have a "head count" but we expect to be housed in a church, free of charge. Some churches provide cots, some do not. You should have a backup plan for "mattress" (Examples: air mattress, foam pad, sleeping bag, etc.) in case they do not have cots for us. Depending upon the size/layout of the church, we may be able to divide among their Sunday school rooms or we may need to split into men in one section and women in another section. The churches we have stayed in on previous trips have had shower facilities.

### Meals

Sometimes we are fed by people of the church and sometimes we cook for ourselves. We eat 3 meals per day and have snacks so you will be well fed!

### Miscellaneous

We will watch the weather of course while we travel and work in KY. Weather can change our work assignment too. **We always promote safety!**

There may be opportunities for you to volunteer with portions of our trip. Some examples may include: transportation to Hazard/Perry County, transportation to work sites, food/cooking, photographer, devotions. You will have opportunity to sign up the week before we depart. Expect more details the week of May 27! Be sure to check your email!

### Packing

You will need your own bedding (pillow, blankets, sheets), your own personal hygiene items (soap, shampoo, razor, etc.), towels, washcloths, personal clothing to wear while working (the kind that could get really dirty/stained), pajamas, your medications, cell phone & charger for your phone & other personal items. Depending upon our work assignment, you may want long sleeve shirts and long pants and boots. You may need insect repellent and sunscreen. **Open toed shoes are not permitted at the worksite!** If you can, bring work gloves and safety glasses.

Our work assignment hopefully will be made known before we arrive in Hazard/Perry County. If it is, you will be notified. Once we know, you may be invited to bring some appropriate tools.

**Thank you for going as the Hands and Feet of Jesus! We go to be a blessing and  
You too will be blessed beyond measure!**
